After the home visit, the applicant is invited to meet again with the Selection Committee to discuss any unanswered questions. The Selection Committee then makes a recommendation to the Board of Directors for final approval.

Once the Family Selection Committee has notified the applicant of their approval, an orientation will be set and the future homeowner can begin working on their sweat equity hours.

Qualifications

Need for Improved Housing

An applicant's need for shelter can be determined by factors such as lack of space, overcrowded housing, unsafe living conditions, unaffordable housing, problems with major utilities or other general structural problems.

Ability to Pay

Sisters Habitat is committed to serving the hard working families in Sisters. To qualify for our Homeownership Program, applicants must have a steady, verifiable source of income and demonstrate financial responsibility. The applicant's income and financial health is expected to remain stable or improve by the time of home purchase. This demonstrates that the applicant will afford both a home mortgage plus the ability to maintain the home. Households of 1 - 2 people must have a total gross income of no less than the equivalent of working full time at minimum wage. In Oregon for 2021 - \$12.00 hr = \$2080/month and/or \$24,960/ year. For households of 4 people or more, the minimum is 35% of area median income (AMI).

An applicant's total gross income must be no more than 60% of area median income. See chart below.

Household income includes all income from individuals 18 years or older who contribute to the overall financial status of a household.

Applicants must have good or improving credit history with a debt to income ratio of no more than 43%. Sisters Habitat will run a credit report 3 times prior to home purchase.

Family Size	Min. Gross Household Income	Max. Gross Household Income

3	\$24,960	\$41,400
4	\$26,810	\$45,960
5	\$28,980	\$49,680
6	\$31,115	\$53,340
7	\$33,250	\$57,000
8	\$35,420	\$60,720

Willingness to Partner

A willingness to partner with SHFH is determined by a commitment to participate in "sweat equity." All future homeowners are required to complete 500 hours in order to move into their new home. These hours can be completed by working on your own home, working on other SHFH homes, working at the ReStore and Thrift Store, attending required classes and workshops or assisting with other Sisters Habitat projects.

Many people are involved in working with you to provide a home: volunteers, staff, the Sisters community, businesses, other agencies, and more. We all work together to help you in your quest to improve your situation and build a better future for your family.
